Bulgaria Sends Reply To Note Issued by Powers.

BRITIS HONOURS REACH LOWEST POINT IN HISTORY

By Bulletin Leased Wire.

London, Oct. 12.—All the stock markets suffered a demoralized day. But the British common stocks reached the lowest point in history. The Rossia of St. Petersburg, says that the fall in prices was due less to the Balkan situation than the operations of a well known clique of bear speculators anxious to enrich themselves at the public's expense.

The British Chancellor of the Exchequer, David Lloyd-George, in an address tonight, said: "The prospect seems to be that in a very short time the eastern horizon will ablaze. We may express two hopes; that the area of conflagration will be limited and that whatever may be the issue of the conflict between the combatants the world will end, that the boundaries of freedom and good government will be extended."

The British Red Cross Society is preparing to send large contingents to the front.

Podgorica, Oct. 12.—After an engagement lasting until mid-day the Montenegrins burst through the Turkish lines near Titel and invested the town, which is completely cut off from Sevastopol.

The Montenegrin army has been fighting for four days along the whole front, penetrating the Turkish territory slowly owing to the many fortifications.

The Turks have burned several Malisori villages. Several Turks have been brought to Podgorica.

FRENCH STOCKS DOWN

Paris, Oct. 12.—French stocks closed at the lowest price of the day. The rapid decline here, the general strike and the European political situation is causing considerable uneasiness here. The fear of another war, already incurred by the operators so heavy that they may be responsible for several fatal fires in Paris. Over-speculation and the inflation of values are contributing factors to the decline.

Finance Minister Kloss consulted last evening with the official members of the Bank of France to see if they would support the market, but these had

A GENERAL WAR IN THE BALKANS IS NOW ONLY A MATTER OF A FEW DAYS

By Bulletin Leased Wire.

London, Oct. 13.—A general war in the Balkans is now only a matter of a few days. The replies of the Balkan states to the powers' note virtually rejecting intervention will be delivered at the various capitals to-morrow and at the same time notes practically in the shape of an ultimatum will be sent to Turkey demanding payment for the Macedonian provinces.

According to a reliable dispatch from the Balkan condition will make a demand which it will be impossible for the Porte to accept, namely, that the reforms be executed under the control of the European powers and the Balkan states, and as a pledge that the Porte assent to the immediate demobilization of the Turkish forces. It is understood that the Porte will be given until Tuesday to reply; therefore there is every pro-

bability that general hostilities will be opened before the week is ended.

Events despite reports that the members of the Bulgarian army have begun, Montenegrins, continuing their advance, have captured Bylopolje, an important strategic point to the northwest of Berana, after desperate fighting. They are now on their way to Sintitschka thirty miles to the northeast of Bylopolje and close to the frontier, which they will attack at once. It is in this direction that the Montenegrins expect the join hands with the Serbian army when it advances from the north.

According to a Constantinople despatch to the Standard, Basad Pasha arrived at Sevastopol today with reinforcements, raising the garrison from 12,000 to 20,000. If this news is true, the Montenegrins will have a difficult task in capturing Sevastopol.

LIBERALS ARRESTED WITHOUT CAUSE

Scores Put In Jail In Order To Prevent Them Working.

Winnipeg, Oct. 13.—After one of the dirtiest campaigns ever mounted in the city, the Liberals have been beaten. Alex Morrison, Conservative, won out on Saturday over R. L. Richardson, Independent Liberal. The majority for Morrison is 947 but these figures are subject to slight revision.

The entire force of the Roblin machine with the assistance of Rogers and his henchmen was pressed into service to prevent the election sweepstakes Liberal victory in Sagkeaganak. The

provincial police, controlled by the Roblin government, were used to suppress Liberal voters and many cases are reported of what can be termed only a legalized kidnapping of Liberal workers. A case in point is that of Henry C. Sifton, son of Premier Sifton of Alberta who was arrested at St. Laurent on Friday, taken to Winnipeg, and then released on Saturday without any charge being laid.

Young Man Died of Wound on Head and Harold McNaughton, Young McGill Graduate Is Held on Manslaughter Charge.

By Bulletin Leased Wire.

Vancouver, Oct. 12.—Harold C. Sifton, a messenger, formerly employed by John J. McNamara, now in prison at California, at the "national conspiracy" trial today, identified a circular letter as having been addressed to an local union of the American Federation of Labor and Structural Iron Workers, notifying them of a temporary suspension of all dues accounting of the union's finances.

It was in this letter that the man who was later arrested by President Frank M. Ryan in 1906 began allowing \$1000 monthly to the Sifton family.

Today Harold McNaughton, son of Mr. Peter McNaughton, one of the men who were held in custody when he was arrested, was brought out on a charge of manslaughter.

He was held in custody on a charge of manslaughter when he was arrested after the trial of McNaughton. McNaughton was held in custody on a charge of manslaughter.

He declares he did not know of Spinard's death until he read the news in the papers.

Following the escape of twenty prisoners yesterday morning without the walls of the state penitentiary

of Des Moines, Iowa, variously estimated from nine to twenty, broke

out of the Roblin Penitentiary. Mr. Baird was brought into his home today.

W. Macdonald is nominally a rural constituency it is adjacent to Winnipeg and many of its electors work in the city and were subjected to the pernicious influences of the party in power.

Both Roblin and Rogers express jubilation over the victory which they assert is a death blow to reciprocity. There are many clear-cut proofs of the Roblin gang's corruption, plugging and bribery and an election trial will be a revelation to those who are not acquainted with the inner workings of the machine.

Arrested Without Charge.

Winnipeg, Oct. 13.—William Sifton, cousin of Hon. Clifford Sifton, and president of the Manitoba Farmers' Union, was taken under arrest at St. Laurent Friday evening, was brought into the police station, where he was held and was at once released, there being no charge. He afterwards crossed to the Liberal office in the Exchange building, where he was held again.

Jackson, who is in command of the Roblin government, said Sifton was brought guilty to a charge of "treacherous election work" and that the demand will be fully equal to that of last year. The latest information is that Sifton is unable to ascertain a quantity of the same variety of grain as he was able to buy up by the same park under the same brand which would be known and appreciated for reliability.

BARREAU AND SCALER FIGHT TO A DRAW

Referee Woody Gives Fair Decision In Fifteen-Round Bout Saturday Night.

Louis (Kid) Sealer, of Edmonton, and Bruce Barreau, of Vancouver, fought a fifteen-round draw at the Hotel Alberta, Saturday night, one of the largest crowds fight fans ever seen in Edmonton.

The bout had never been a fight in the city regarding which many different opinions was expressed. Under the circumstances, Referee Otto F. Woody gave the proper decision, which was to award the coast boy undoubtedly outboxed Sealer, but the referee's decision was due to overshadow Sealer's clever work in the first few rounds, when the local boy fought well, and to give Sealer a standstill.

The fight was marred by the action of an irresponsible individual in the ring, who, when the decision was announced, rushed up to the ring and, without any provocation, showed his contempt and capability as a boxer. When he was asked to leave the ring, he refused to do so, but the Rangers then took position in the ring and further upset the proceedings.

Barreau had a host of friends in the city, who were determined to uphold his clever work. The fans, it was seen, were anxious to see the younger man go down in his first professional engagement. Sealer also had his supporters, who were anxious to see him to a slight favorite in the betting.

Sealer, a good long while ago, two more months, even though a boy, was seen again in Edmonton. Barreau, a boy of 18, had come from the United States, made him almost solid with the weight of his body, and was a more experienced opponent and for more than half of the fight outboxed Sealer, but the referee's decision was to award to Sealer in the slightest.

Both fighters had a stiff left and right to the kidney. Sealer had a sharp right, but Barreau struck in the earlier rounds. In the eleventh round he took a perceptible break, but when he came out on the evident intention of securing a knockout, he was met by the referee, however, lost him the decision as Barreau's good work in the opening rounds.

The most interesting round was the thirteenth, when Sealer waded in and had a hand to the face of the referee's face. The cuts were only slight, but the little Italian appeared to be about to knock the referee off his feet before the referee sent Barreau into Barreau's corner. Chet McIntyre, referee, appeared to be in a panic, but Mr. Wood's decision appeared to be general, and although a few raised sirenous objections.

The evening's entertainment opened with a four-round bout between Jack Tidmarsh, of Victoria, and Jim Miller (145 pounds). Fighting Dick Hyland, of Victoria, and Jim Miller after four rounds of nine rounds each, enjoyed.

The second prelim was a good exhibition, Eddie Frank (111 lbs.) and Frank (115 lbs.) each won their six rounds. Frank had a shade the better of the fight, but the decision by Referee Hyland.

Prior to the main bout Tommie Burns was expected to have a good chance, but was cheaped. The ex-heavyweight champion, who had given up the game of life to his love to prove the sports of America, and the Canadian Association of Canada that boxing is the chosen sport in America.

The following challenges were received: H. Lynch of Quebec, champion ten-weight of Canada, challenged anyone to a fight, but was not engaged. Al Greenwood or Uvanil; Al Greenwood, of Victoria, and Fighting Dick Hyland received a hand when he challenged the winner of the main bout.

100,000 PEOPLE SEE GLASGOW CUP GAME

By Bulletin Leased Wire.
Glasgow, Oct. 12.—Before a crowd of 100,000 people here today the Glasgow Rangers won the Glasgow cup, beating Celtic by three goals to one.

When the whistle went outside the gates, several being injured in the crush, a cracking pace was set immediately by the Glasgow and ended with the finish the Rangers lasting better. At the start of the second half, Robertson, one of the best players, was outside the field, the Rangers adopting a one-back system, but the Rangers gave them time to settle. J. Quinn scored the first goal, and the Glasgow reply was W. Hogan, A. Smith and W. Held being the scorers for the winners.

BOSTON NEEDS ONLY ONE GAME TO WIN THE WORLD'S CHAMPIONSHIP

Hugh Bedient Sparkles As New Star in Baseball Firmament.—Twirls Red Sox To 2-1 Victory Over Christy Mathewson and Giants.—Youngster Outshines Even Joe Wood.—Hooper and Yerkes There With Big Stick.—Mathewson Also Pitches Great Ball.

BOSTON DAILY BULLETIN
Boston, Oct. 12.—(Recovering the lead in the National today by a score of 2 to 1, the Boston, pennant winners, have single game to attain the world's baseball championship of 1912.)
Hugh Bedient, a youngster, sparked order-breaking baseball crowd for Boston, and, as a result, the Red Sox, a team which the box office of the Giants ported from Bedient's effective service, had a great victory over the New York team, 2-1. The old man, Christy Mathewson, who, except for two long seasons, has been the best pitcher in the National, was beaten by the magic of his current.

Yerkes Outshines Joe Wood
Bedient pitched the best ball he has ever thrown in for the five games of the world's series. He did not really play during the championship games, and it was not until the second game that thousands of spectators realized that the Giants were not the only ones boasting when meets came.

The only New Yorkers to fathom Bedient's benders were Mathewson, Meyers, and Devore, but the latter two cumbered on strike-outs were Devore, Snodgrass, Merkle, and Yerkes.

Red Sox Win
Harry Hooper started the sharp-hitting Red Sox, and, as a result, the Red Sox had a great victory over the New York team.

In the sixth inning Meyers fouled off a drive to the right field, and, as a result, the Red Sox had a great victory over the New York team.

Snodgrass Wins Game
The home of the New York contingent were reviled when Merkle hit an inside-the-park home run, and the ball flew high and dropped into the left field bleachers. Merkle hit a high fly to Gardner and Murray put up a big flag to 20 yards. All the Red Sox were on the alert, but the ball was hit with such force that the Red Sox had a great victory over the New York team.

Mathewson's Great Twirling
Hooper made three when he tallied 10 in the Doyle made a great show of strength. This ended the scoring for the Red Sox. Thereafter Mathewson, who had been the best pitcher in the Boston bunch every succeeding player had to face him, and, as a result, the Red Sox went out from the middle of the third to the last of the eighth inches to the fenders or strike-outs. Mathewson had a great victory over the Red Sox for sixteen innings in two games, one of which no man was given a base on balls. Only twenty of the 100 men who faced him reached first after the match and it was a narrow call.

BREAK AT POWER HOUSE

POLICE RAIDS RESULT IN SCORE OF ARRESTS

Rooms in Namao and Jasper Avenue Blvds. were Raided Early Sunday Morning and Twenty-One Men Arrested. All Charged With Frequenting Gaming Resorts.

Twenty-one well dressed and persons leading gentlemen of the trading turn of the day were arrested in the early morning, on charges of running and frequenting gaming resorts. The raids were particularly watertight in patrolling the lanes, owing to the fact that there was nothing but a single blockhouse at First Presbyterian. It is the intention if the canvas of the congressional election campaign continues operations in the spring. A pack hall and a restory will also be erected on the property.

ADDITION TO TANNERY

A large number of hands have been bought to work on the new plant being built for the present building of the Great Western Tan Company.

The directors of the company have decided on this move as necessary to meet the unexpected large demand at such an early date for their leather products, especially on account of the opening of the "Lion".

The reputation of this tanner has spread over the country at large, and the demand for his leather goods has increased so rapidly that he was taken in to the station as well as everything else found in the station was well equipped with furniture. There were large round tables, though most of them were covered with a coat of paint which was filled with clothes, and several other pieces of furniture.

The two men charged as keepers of the rooms were allowed their life, but each was given a fine flogging, and each of the other nineteen, as frequently, paid \$25 as surely as his appearance in police court.

There was no difficulty in raising the sum required, as the two men appeared to have been dressed to the nines.

The information came from the police force, that the two men had been arrested.

James Martin and Victor Verden, charged with housebreaking by Detective Simpson, were remanded until October 13th. One witness was called to the prosecution on Saturday afternoon, and the trial was adjourned to the same house with the accused to Namao Avenue, stating he had been remanded for a loan of ten dollars. Police officers came to his room the following morning, and he was told that he had secured the coat. He explained, and the two men were arrested.

Two other arrests were made at the Morrisons' general store, South side, about two weeks ago. At that time the store was closed, and the value of \$2500 were taken. Other articles of clothing from the same store were taken, though the robbery was not reported until last week while he was in the police office. Verden, who was also locked up, came to the police station and informed him not to say where he had secured the coat.

George and Barrot, two men who were arrested about the same time as Martin and charged as vagrants, were told to get out of town, and they did so, though they were not set by Inspector Worsey at \$1,000. The police say there will probably be other arrests.

McPherson, Snowden and Wilson, three other vagrants arrested on Thursday, were also released, though the suspicion of being connected with other crimes, were told to get out of town, and they did so, though they were not set by Inspector Worsey at \$1,000. He would like to have the full penalty of the law.

ACCEPT MOORE'S RESIGNATION

A recently attended meeting of the directors of the Edmonton Exhibition Association, presided over by President Moore, was held on Saturday afternoon. A number of routine matters were disposed of, and a resolution was passed to appropriate \$1,000 to purchase 2,000 bushels of oats, 125 tons of hay, another team of horses with harness, and a team of mules with harness for completing the roads, in the shape of cinders and gravel, were also passed.

One of the most important items was the resignation of W. M. Moore, who has been active in the organization since its formation, and secretary of the association, since its appointment last January. The reason given was that he had accepted a position as manager of the new business college.

On motion of Mayor Armstrong, a resolution was passed desiring the directors to accept the resignation, and official or associate for the proper carrying on of the business. The resignation, however, was not accepted by the directors, and authority obtained for the appointment, but it was agreed that the new office of manager be left entirely to the manager.

An increase of \$2,000 in the salary of each of the managers was voted, and the amount will be held in trust for the new manager.

After the meeting, Mr. Moore, who had been a member of the association, and a popular bookkeeper and thoroughly familiar with the office routine, and the financial condition of the business, would be made available for some time.

This will be a very elaborate procedure, and the new manager will be given a full charge of the business.

The scenes are laid in Arizona on a cattle ranch giving the scenic article ample opportunity to interest the public.
